PROFILE SUMMARY

Well-qualified Full Stack Developer familiar with a wide range of programming utilities and languages. Knowledgeable of backend and frontend development requirements. Handles any part of the process with ease. Collaborative team player with excellent technical abilities. Versatile software engineer works well both as part of a team and independently. Highly educated with the capability to deliver on key project milestones. Seeking to secure an engineering role with an internationally astute firm involved in the clinical and healthcare industry.

TECHNICAL SKILL

react nextJS flutter goLang nodeJS python sqlite

EDUCATION

Degree

2017 – 2019

vel tech university
drop out from college
Avadi, chennai

class 12

2015–2017

narayana junior college
gollapudi, vijayawada

WORK EXPERIENCE

Senior Software Engineer

04/2022 – 08/2022

Windo

- Developed software by producing clean, efficient code using react and nextJS.
- Developed new, efficient, and well-tested code for a variety of different software projects.
- Resolved Jira tickets with comprehensive bug fixes.
- Wrote clean and dynamic code in react.
- Collaborated with designers and product managers to develop innovative products.
- Collaborated with team members to create and integrate high-availability solutions for mission-critical applications.

ok2

- Consulted with engineering team members to determine system loads and develop improvement plans.
- Managed development milestones from initial steps through final delivery.
- Boosted network, system, and data availability and integrity through preventive maintenance and upgrades.
- Contributed ideas and suggestions in team meetings and delivered updates on deadlines, designs, and enhancements.
- Reviewed code, debugged problems, and corrected issues.
- Adjusted design parameters to boost performance and incorporate new features.
- Inspected equipment, assessed functionality, and optimized controls.
- Took concepts and produced design mockups and prototypes to strengthen designs, enhance user experiences and improve site interactions.

front End Developer

04/2020 – 05/2021

ib hubs

- Good experience in the entire software product life cycle which includes writing user stories and planning tasks in JIRA (work-flow) and participating in Agile sprints.
- Day-to-day development activities constitute the development of UI components tools/Frameworks: JavaScript, React, MobX, Jira, Storybook, HTML, and CSS Gained knowledge.
- worked on Development UI components integrating back-end APIs State management using MobX Writing Unit and end-to-end test cases integrating third-party libraries.
- Clean code clean Architecture. TDD Responsibilities writing documentation, fixing bugs, adding new features, and writing user stories.
